Subject: Complaint

Stella,

Good Afternoon. This e-mail is being sent to you to advise you that EPA-CID has received notification from our EPA Region 2 Civil Wetland Expert that the current property in question does not constitute federal jurisdiction for EPA-CID. Therefore, after consult with EPA CID Management and our Regional Compliance Enforcement Attorney, EPA-CID is officially referring this lead over to NYS DEC for whatever action they deem appropriate. Moreover, it is my understanding that the NYS DEC is actively working on a consent order with Mr. Fred Edwards to clean up the property as previously advised. I also followed up for you to verify that Kirsten Kulow with the NYS DOH was coming out (should be today) with the NYS DEC to test water samples from yours and your neighbor's well. I have also notified NYS DEC BECI Lieutenant Kathy Jacoby, Jamie Woods with the Attorney General's Office, and our EPA Civil folks that EPA-CID has referred this matter to NYS DEC. Accordingly, you should feel free to reach out to contact Ms. Marcia Ellis (518-357-2092) of the

Region 4 NYSDEC office should you have any further questions regarding the consent order and active investigation by NYS DEC.

I wish you the best of luck.

Respectfully,
Renee Stewart
